

Curriculum Map (Area of Learning and Development)

Term: **Summer 1**

Personal, Social and Emotional Development

Show respect towards each other working as part of a group or class.

Know the importance of sharing and how sharing involves cooperation, compassion and generosity to others.

Think of ways to solve problems and stay friends.

Communication and Language

Understand how to listen carefully and know why listening is important.

Listen attentively in a range of different situations.

Answer how and why questions in response to stories or events.

Use and explore new vocabulary.

Physical Development

Understand that sleeping well, good hygiene, oral health, exercise and a healthy diet all contribute to good overall health.

Learn to hop, and skip in time to music.

Use equipment safely and learn how to manage my own risks.

Handle equipment and writing tools with dexterity, developing my fine motor skills.

Learn to keep my writing on a line.

Literacy

Children continue to practise reading and understanding simple sentences. They use their phonic knowledge to decode regular words and read them aloud accurately.

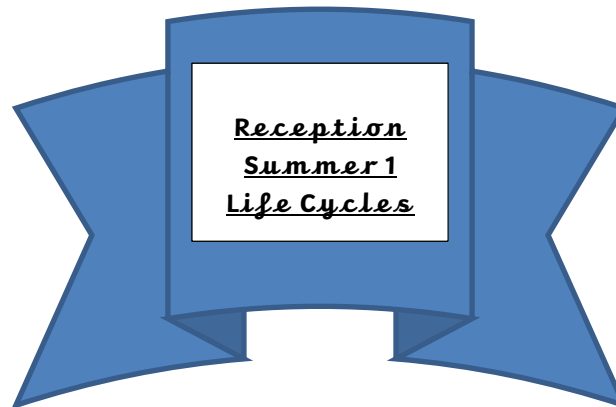

Read common irregular (tricky) words.

Write simple sentences which can be read by themselves and others.

Segment the sounds in simple words and blend them together and know which letters represent some of them.

Spell simple words correctly and others phonetically plausible.

Write a label or caption for a model they have constructed.

Reception
Summer 1
Life Cycles

Expressive Arts and Design

Children create caterpillars adding features.

Create butterflies with a variety of media and materials, children to recognise that their wings are symmetrical.

Experiment with colour mixing.

Children sing a range of favourite songs and dance along to the music.

Create a storyline in their play, playing cooperatively with others.

Mathematics

Children count reliably with numbers 1-20. Select the correct number to represent 1-20 objects. Say the number which is 1 more or 1 less than a given number.

Learn that doubling is 2 sets of the same number.

Continue, copy and create repeating patterns.

Talk about and explore 3D shapes.

Enrichment/Trips

Using the outdoor Classroom.

Using the Nature Friendly Schools area.

Discovery RE Summer 1

What can We Learn from Stories?

Jigsaw Puzzle 5

Relationships

Understanding the World

Make observations of plants and animals and describe some features. Look at the life cycle of a butterfly.

Be able to select and use the appropriate technology.

Name and describe people who are familiar to me.

Compare and contrast characters from stories including figures from the past.
