

Did you know? - Farming, Food and Healthy lifestyles

A shop is a place where people go to buy food, drink and other things with money.

A farm is an area of land and its buildings used for growing plants and rearing animals. Farms make lots of the foods that we eat.

Food can be from plants or animals. Fruit and vegetables are from plants. Meat, milk and eggs are from animals.

Many plants grow from seeds. Plants need water, sunlight, air and warmth to grow.

Many animal babies are known by different names than the adult animal, such as cow and calf or sheep and lamb.

To stay healthy, we should eat at least five portions of fruit and vegetables a day, and exercise.

Springtime

There are four seasons. They are spring, summer, autumn and winter.

Spring is a time when many baby animals are born, such as ducklings and lambs.

Trees start to grow leaves in spring. Some trees grow blossom or catkins.

Frogs lay frogspawn in ponds. Tadpoles hatch out of the frogspawn and grow into frogs.

Easter is a springtime festival that is celebrated by Christians.

Holi is a springtime festival celebrated by Hindus. It is known as the 'festival of colours'.

farm animals

Key Vocabulary

Each week we will have a word of the week that will be posted on Class Dojo spend time with your family investigating the word.

Ready, Steady Grow

air

animal

calf

cow

drink

eat

exercise

farm

food

grow

healthy

lamb

money

plant

seed

sheep

shop

sunlight

warmth

water

Signs of Spring

autumn

blossom

catkin

celebrate

Christian

duckling

Easter

festival

frog

frogspawn

Hindu

Holi

lamb

leaf

pond

season

spring

summer

tadpole

tree

winter

Encourage your child to use these words in sentences at home. This will support them in many areas of their learning.
