

Autumn term Childhood Curriculum Map

History

We will be learning about childhood in the 50's and comparing it to now.

Art

We will be learning all about colours and how to make secondary colours out of primary colours.

Computing

Our topic is basic skills. We will be learning all about how to log on and off Purple Mash. We will also be learning how to use Purple Mash

Geography

We will be learning all about continents, oceans, countries and how to use a map!

DT

We will be learning how to make a shelter, considering which materials would suitable for this and why.

Science

Our science topic is animals including humans. We will be learning the names of different common animals as well as learning about senses.
